Release Notes

ECB300

Ver. 1.2.8

Revision History

Revision	Date	Reason of Changes
V 1.2.8	Nov 17, 2014	Update with Changes

Change Log

F/W Version	V 1.2.8
Type	Description
New Feature	NA
Change	1. To avoid possible IP conflict with other LAN devices, management IP will be adjusted to class-A segment. (private IP 10.0.0.250) 2. Management IP will not response SNMP packets to EZ Controller; only device IP will response.
Fix	NA
