

1. Insert the CD provided in the package into your CD/DVD-ROM. The setup should run automatically. If the setup does not start shortly, please manually browse the file **index.htm** with a standard file or web browser.
2. You may see security prompts regarding to CD contents, please allow access and unlock protection to continue the process.
3. Please follow the instructions given on the screen to complete your network setup.

4. When completed, you will be directed to Administration Page.

The screenshot shows a login interface with the title "Login to the router:". It features two input fields: "User Name" and "Password". Both fields contain five black dots, representing masked characters. A "Login" button is positioned to the right of the password field.

5. Please enter **admin** for both User Name and Password to login..
6. For Internet setup, please refer to **Chapter 4** in the User Manual.

Thank you for choosing EnGenius
